INTRODUCING

INTRODUCTION

Universities, online communities, and youth-led digital spaces have become key centers for political discussion and civic mobilization. However, these spaces are also susceptible to manipulation by political actors, extremist narratives, and divisive messaging, which can heighten tensions especially during elections. While digital platforms offer opportunities for democratic engagement and youth involvement, they also facilitate misinformation, hate speech, polarization, incitement, and (electoral) violence.

The “DARE Crafting: #Slash the Hate” project addresses these challenges by promoting responsible and ethical digital participation among youth

PROJECT OBJECTIVES

Strengthen youth-led digital advocacy and civic education initiatives that support peaceful and responsible engagements online

01. Develop and share innovative digital peacebuilding messages and products across various online platforms aimed toward preventing hate and violence

02. Establish safe digital spaces that support youth engagement, dialogue, and peaceful civic mobilization

03. Counter hate speech, misinformation, and online incitement that may lead to (electoral) violence.

DARE CRAFTING: #SLASH THE HATE ACTIVITIES/CAMPAIGN

01

Trainings and Workshops
Formation of DARE Brigades in different universities/locations
peer to peer engagements

02

LAUNCH OF THE CAMPAIGN:
DARE Crafting: #Slash the Hate
Digital innovation challenge
developing of products

03

HACKATHON
Judges announce the best content and other awards
hosted by a public personality

04

SOCIAL MEDIA ADVOCACY
Dissemination of content
digital influencers
BRIGADES

THE PROJECT USES THE TERM "DARE," WHICH, IN LAYMAN'S TERMS, IS USED TO PROVOKE TO PARTICIPATE IN CRAFTING PEACE-ORIENTED MESSAGING UNDER THE CAMPAIGN "SLASH THE HATE."HOWEVER, THE TERM "DARE" IS BASED ON THE DECISION-MAKING MODEL, WHICH STANDS FOR "DEFINE, ASSESS, RESPOND, AND EVALUATE."

DARE

DEFINE

Define is to understand the problem, message, or the context (fake news, disinformation, or prevention of hate, etc.)

ASSESS

Assess is the choices which exist for an individual (either take it or leave it)

RESPOND

Respond is how a person acts upon based on the choices made

EVALUATE

Evaluate is how he or she can critically reflect on the choices made

YOUR PARTICIPATION

01

TRAININGS AND WORKSHOPS will give you the skills to produce social media content like posters, videos/reels, digital art, blogs and the knowledge about ethical digital participation, navigate algorithms and digital bias and how to counter hate and violence online

02

Be part of the campaign an members of DARE Brigade, be in the driving seat, participate in the competition, engage with other students and youth, monitor and expose fake news and AI generated content, win prices!

03

Be the change, inflence others, go viral, support the campaign!

FINAL REFLECTIONS AND FUTURE STEPS

01. Start with a series of trainings and workshops and develope ideas for the campaign
look for sponsors
partner with unviersities/ youth groups

02. Launch the campaign at TUM (November)
Collaborate with other stakeholders

03. Produce winning content
Organize the Hackaton (April)

04. Spead the content, keep engaging, monitor

THANK YOU VERY MUCH!
